“Yes, we are open and following strict guidelines.”

Ensuring the safety and health of our patients, staff and family members is one of our top priorities. We are following CDC and County’s guidelines to overcome COVID-19 challenges.

1. MISS is dedicated to help and remains committed to help the community in anyway possible in this time of crisis that hospitals access is limited. Our team is available to deliver following urgent and essential IR ready services on case by case basis evaluation and perform as outpatient or refer to the appropriate hospital. (Complete list is attached).

- Paracentesis, Thoracentesis, Chest tube placement, Peripheral IV , central Line placements.
- **VASCULAR ACCESS** & Dialysis access issues, Feeding tubes issues, Drainage check/replacement.
- **Peripheral IR Arterial/Venous**: Cold Leg, Claudication, DVT,
- **DIALYSIS**: AV Fistula Creation, Declot, Intravascular AVF/RFS creation, **Venous Access**
- **PULMONARY**: Lung/Tumor, Biopsy, Pulmonary Embolism, Lung Abscess, Pneumothorax
- **GI**: Esophageal Stent, Gastrostomy, Obstruction , Duodenal/Colonic Stent, Ascites, Liver Tumor Treatment, Tunneled Catheter, TIPS/DIPS, Biliary Stent, GI Bleed, TIPS, BRTO

If you need to make an appointment and be seen for any of the above procedures:

Please contact us between the hour of 8:00 AM- 5:00 PM at 408-918-0405

2. Following the Centers for Disease Control and Prevention (CDC) guidance, MISS has been implementing screening points for entry to the facility; enhanced screening protocols and patient’s family member restrictions in our facility, to limit the spread of COVID-19 and other respiratory illnesses. We understand this may be an inconvenience to some, but it is important that we quickly identify individuals who have respiratory symptoms and direct them for further triage and treatment.

**Minimally Invasive Surgical Solutions Screening and Precaution**

- **Between the hours of 7 a.m. and 5 p.m.**, screening point of entry and screening protocols will be enforced daily for all patients and staff entering the facility.
- All those entering the facility must complete the health questionnaire before entering and body temperature will be taken as soon as they enter.
- **Clean hard surfaces frequently.** Routinely clean surfaces you come in contact with often, such as workstations, countertops, and doorknobs. Use cleaning agents that are usually used in these areas and follow the directions on the label. No special cleaning is necessary for COVID-19.
- **Strictly NO Patient Visitation Policy**
- **Stay Home and phone:** If you have symptoms of coronavirus and has recently returned from areas with widespread or ongoing cases of COVID-19, or may have been exposed to others diagnosed with the virus, please call the MISS clinic at (408) 918-0405.
